FURNISHING

The link between designer, architect, contractor to finished product. We provide custom furniture solutions that responds to your need.

GT Furnishing division source direct from factories situated mainly in Turkey Eastern Europe and Asia where we have dedicated staff working alongside factories and maintaining quality control throughout production and shipments. Our success over the years has been the ability to supply a large variation of models and finishes for client's requirements.

Our Furnishing division is a specialist furniture supplier for the hospitality industry. Since we started, our mission has always been to provide our clients with the highest quality, products and customer service, while maintaining a completely competitive price. With our friendly and approachable sales staff, we deliver a comprehensive solution to your contract furniture requirements.

GT is a FF&E, OS&E and fit-out organization offering its services to international turn-key hotel projects and architecture-construction companies. Product range includes indoor and outdoor furniture, lighting, fabrics, hotel textile, carpet, mosaics and ceramics, wooden floor coverings and hotel equipment. GT's customer portfolio consists of investors, architects, constructors, fit-out contract companies and public corporations who invest in many selected projects in Turkey, Oman, GT team is made up of specialized professionals in the fields planning, budgeting, product selection and transportation and all related areas of consultation. GT competes with itself in providing better quality service at reasonable budgets and punctual timing.

One-stop solution from design concept to completion of interior spaces that require complete customize fit-out, since bespoke furniture in need of design as well fashion therefore we are not just limited to standard designs but also entertain customers requiring custom made and bespoke furniture items.

Our team has experience in creating prototypes and producing the finished article quickly with the use of AutoCAD and modern woodworking machinery.

OFFICE SOLUTIONS

From corporate offices to home offices, from start-ups to well-established corporations, GT analyzes the changing needs of its customers with different structures who are operating in various industries, and offers tailor made solutions to their changing working requirements.

It produces people-oriented solutions for “happy offices” with its ergonomic, functional designs which affects the efficiency and motivation positively. Shaping the future of working life as a leading brand of the industry with its vast knowledge and expertise, GT maintains an integrated and faultless process management.

EDUCATION SOLUTIONS

GT designs innovative products suitable to the changing dynamics of education, also feeding from its large-scale projects in the global markets.

By reading the difference between the needs of a fashion design school and a school, which is training a mechatronics technician, GT creates projects that are suitable to the targets and needs of educators. GT is a “single point” supplier with the product custom designed for projects and its standard product range.

HOSPITALITY SOLUTIONS

GT aims to maximize comfort and motivation of the user in guest rooms, lounge areas, restaurants, meeting rooms, auditoriums, administrative offices and business centers.

We ensure appropriate solutions for both business and vacation oriented hotels. In business hotels it provides zones for effective business meetings where people could be easily focus and concentrate on it. Our product durable and environmentally friendly products. It brings turnkey solutions to large-scale projects

HEALTH SOLUTIONS

GT designing every detail with technology, experience and care, provides convenient solutions for the health industry with their products that offer personal comfort to users.

We understand every need that personnel and patients both have, and responds to these needs with innovative designs.

PROJECT MANAGEMENT

Our project management services provides clients with a one stop shop where we can work with you to design, build and manage complex furniture projects for you. We will handle your full project so as to manage the design and layout of your office space, the interior fit out, logistics and installation of your office furniture.

CONSTRUCTION & FIT OUTS

GT have earned a reputation as the trusted contractor for building, construction, maintenance, plumbing and shop fitting projects of all types. From new structures commercial, industrial and residential, to restorations of buildings, we are in our element on the building site, regardless of the nature or requirements of a project.

Our highly skilled team members are committed to delivering Consistent, Comprehensive and Integrated range of Interiors crafted to the requirements of each client, using the finest material and superior workmanship to create work and living space that enhances the quality of life, for over three decades, we have carried out interior fit-out work for renowned architects and clients. Our capabilities and experience in interior fit-out and furnishings enable large-scale projects to be carried out to the highest standards, and within the given cost and time frames constraints .we specialize in the following product and services:

In the early years the Company took a sub-contractor service role specializing in block work, tiling and specialist finishes including applications. It later expanded its internal divisions to include; Plastering/ Painting , Joinery, Plumbing, Electrical , Plant Hire.

This provided the Company with greater capacity and more robust capabilities to promote itself into a main building contractor role, and in this capacity the Company has continued to grow based on its reputation for providing high-quality services at a competitive price.
